This Cooperative Agreement (the “Agreement”) is entered into by and between the Maine Department of Transportation (MaineDOT), an agency of state government, the City of Portland (the “Municipality”), a municipality in the State of Maine, and the Portland Area Comprehensive Transportation System, the designated Metropolitan Planning Organization for the Portland Urbanized Area (PACTS), and Greater Portland Council of Governments (GPCOG), a fiduciary agent for PACTS. (MaineDOT, the Municipality, PACTS, and GPCOG) are collectively referred to as the “Parties”).

RECITALS

- A. MaineDOT, through its partnership with Maine’s Metropolitan Planning Organizations (MPOs), is charged with managing and dispersing state and federal funds to support capital improvement projects programmed by the MPOs. PACTS is MaineDOT’s MPO partner for the Portland Urbanized Area.
- B. PACTS has created and administers a Municipal Partnership Initiative program (the “PACTS MPI Program”), the purpose of which is to participate in the funding of approved collector and/or arterial roadway projects (the “MPI Project(s)”) with the intention of restoring substandard State and State Aid highways to MaineDOT and PACTS minimum standards.

- C. MPI Projects are administered by the municipality in which the project is being constructed. PACTS' participation in an MPI Project is accomplished through its acceptance of the Project into the PACTS MPI Program, and the contribution of state funds allocated to PACTS and disbursed by MaineDOT to the administering municipality on PACTS' behalf (the "PACTS Share"). MPI Project costs not paid by the PACTS Share are paid by the administering municipality.
- D. The work that is the subject of this Agreement consists of a 1-1/2 inch overlay and new pavement marking for lane delineation to include a designated bike lane, sidewalk replacements, curb resets, and ADA ramp improvements on Washington Avenue (Route 26), beginning at Veranda Street and extending west 0.20 of a mile to Presumpscot Street (the "Project"), and is generally outlined in **Appendix A**, made a part herewith.
- E. PACTS has selected the Project for inclusion in the 2018-2019-2020 MaineDOT Work Plan, using state capital improvement funding allocated by MaineDOT.
- F. The Municipality has approved the Project and supports the decision by MaineDOT and PACTS to program the Project, and is prepared to administer and fund the Project in accordance with the terms of this Agreement.
- G. The Parties have a mutual interest in ensuring that the Project is delivered on a reasonable schedule and within the programmed budget, using a process that maximizes communication and cooperation between the Parties.
- H. This Agreement is intended to cover the roles and responsibilities of the Parties through full Project development and construction, and to establish the financial obligations of each Party.

- d. MaineDOT reserves the right to review and comment on all plans and specifications with the focus on ensuring that the Project will achieve the anticipated benefits and will not degrade safety.

If that is not the case, the Municipality must provide MaineDOT with a detailed explanation of the property rights required for the Project and shall acquire any such property rights in accordance with all applicable state and federal laws. The PACTS Share may only be applied to costs associated with the acquisition of property rights required for the implementation of the Project.
- i. The Municipality shall perform all necessary federal, state and local permitting activities required in connection with the Project.
- j. Project construction must commence within twelve (12) months and must be certified as complete within twenty-four (24) months of the date of execution of this Agreement. If this timeline is not met, and the Municipality cannot show that it has made a good faith effort to meet this timeline, PACTS retains the right to withdraw any unpaid

- c. Indemnification. To the extent permitted by law, the Municipality and PACTS shall each individually indemnify, defend and hold harmless MaineDOT, its officers, agents and employees from all claims, suits or liabilities arising from the indemnifying Party's own negligent or wrongful acts, errors or omissions or by that Party's officials, employees, agents, consultants or contractors. Nothing herein shall waive any defense immunity or limitation of liability that may be available under the Maine Tort Claims Act (14 M.R.S. This assumption of responsibility shall also include damage to vehicles passing through the Project limits.
- e. Obligation of State Funds. Notwithstanding anything herein to the contrary, the Municipality and PACTS acknowledge and agree that, although the execution of this Agreement by MaineDOT manifests its intent to honor its terms and to seek funding to fulfill any obligations arising hereunder, by law any such obligations are subject to available budgetary appropriations by the Maine Legislature and, therefore, this Agreement does not create any obligation on behalf of MaineDOT in excess of such appropriations.
- f. Performance. The Parties will avoid hindering each other's performance; fulfill all obligations diligently; and cooperate in achievement of the intent of this Agreement.
- g. Obligation of Municipal Funds. The Municipality represents that it has received all necessary approvals or authorizations by its governing authorities to approve the Project and enter into this Agreement, and that it has obligated the necessary funds to satisfy its Municipal Share of the Project Costs set out herein.

The Route Log Miles are from 1.21 miles to 1.41 miles for a total project length of 0.20 miles.

The scope consists of 1.5-inch surface overlay and new pavement marking for lane delineation (to include a designated bike lane). The city has recently completed improvements and paving at a nearby section of Washington Ave. This project will also include sidewalk replacements, curb resets, and ADA ramp improvements. The total cost estimate is \$336,920.

Construction complete year is scheduled to be 2020.
